

## PRESS RELEASE FOR PUBLICATION

Muscat, Oman February 2018

### GEZE Middle East Opens New Showroom in Oman

GEZE Middle East added another showroom facility to its lineup in the Middle East. Located in RUWI in Muscat Oman, the 3,000sqft facility showcases the latest range of GEZE's automated doors and windows solutions and gives architectures a firsthand demonstration of how the technology can be craftily integrated into any interior design.

“The opening of our newest showroom works in with GEZE Middle East’s 2020 strategic market expansion plan in Oman.” commented Charles Constantin, Managing Director of GEZE Middle East. “Architects, interior designers, homeowners and the build and design community as a whole know that clients are always on the lookout for the latest in technology, be it for a commercial or residential property. The challenge is usually keeping up with the ever changing trends in the market. Our team of experts at the showroom provides clients with the assistance they need to help them fully realize the possibilities we can offer in terms of design and build. On the other hand, the showroom is equipped with the resources and the latest technologies in automation with a diverse range of products on display adding the value of seamlessly integrated solutions to our clients.” Charles concluded

The GEZE brand stands for innovation and for top quality products, processes and services. GEZE is one of the leaders in the global market and it is a reliable partner worldwide for door, window and safety technology products and systems. No matter what the requirements of a building are – GEZE implements optimum solutions and combines functionality and security with comfort and design. GEZE door closers open up numerous technical and visual possibilities. Every day, millions of people go through doors equipped with the overhead door closers from the TS 5000 series and enjoy the comfort of automatic door systems, e.g. the Slimdrive range. Barrier free door and window systems provide greater comfort, not only for people with restricted mobility. The glass systems and fitting solutions for the attractively designed sliding systems are the ultimate in design aesthetics. GEZE also offers a wide product range in the field of window and ventilation technology. Complete "intelligent" smoke and heat extraction solutions (RWA) and a comprehensive selection of door systems for RWA air supply solutions are also available for preventive fire protection. GEZE's safety technology includes escape and rescue route solutions, lock technology, and access control systems. The GEZE building management system provides an overview of a building's entire technical facilities. With its systems expertise, GEZE creates coordinated system solutions which combine individual functional and safety requirements in one intelligent system. GEZE product solutions have received numerous awards and can be found in renowned structures all over the world. The company has a global presence with 31 subsidiaries, 27 of which are outside Germany, a flexible and highly efficient sales and service network, and almost 2,800 employees. In the 2016/2017 fiscal year, GEZE achieved a turnover of over 406 million euros.
